

## **GBPT Meeting 26-Aug-2013**

- Review Genome Browser Dependencies
  - Review Beta Testing Dependencies
  - Review Browser Development Dependencies
  - What moved to SDSC?
  - What will be moving or going away, and when?
  - Odds 'n Ends
  - Questions
- 

### **Review Dependencies**

<http://genomewiki.soe.ucsc.edu/index.php/File:Browsermap.pdf>

### **What moved to SDSC?**

The hive  
The compute cluster functionality (swarm -> ku.sdsc.edu)  
hgwdev

### **What will be moving or going away, and when?**

hgwdev-old and kolossus moving - Wed. 04-Sep-2013  
UCSC hive going away - Wed. 04-Sep-2013  
UCSC compute cluster (swarm.soe.ucsc.edu) - future unknown at this time

### **Odds 'n Ends**

crontabs on hgwdev-old  
The new compute cluster (ku.sdsc.edu)  
    16 servers, each with 2@16 core 2.5 GHz CPUs, 256 GB memory  
The new RR  
    6 servers, each with 2@12 core 2.6 GHz CPUs, 128 GB memory

### **Questions**

cluster-admin@soe.ucsc.edu
